## PROJECTS

### Wikipedia & Weather API Integrated Chatbot

Enhanced user experience by ensuring instant answers to frequently asked questions.  
Implemented Wikipedia API for dynamic query resolution.

### E-Commerce Website

Developed a single-page application e-commerce website using ReactJS, enabling users to browse products, view details, and add items to their cart.

### ATM Management System

Developed a Bank Management System to streamline and automate banking operations. Allowed customers to create, update, and delete accounts.
